STILLWATER CENTRAL SCHOOL DISTRICT

Guiding our students to reach their full potential

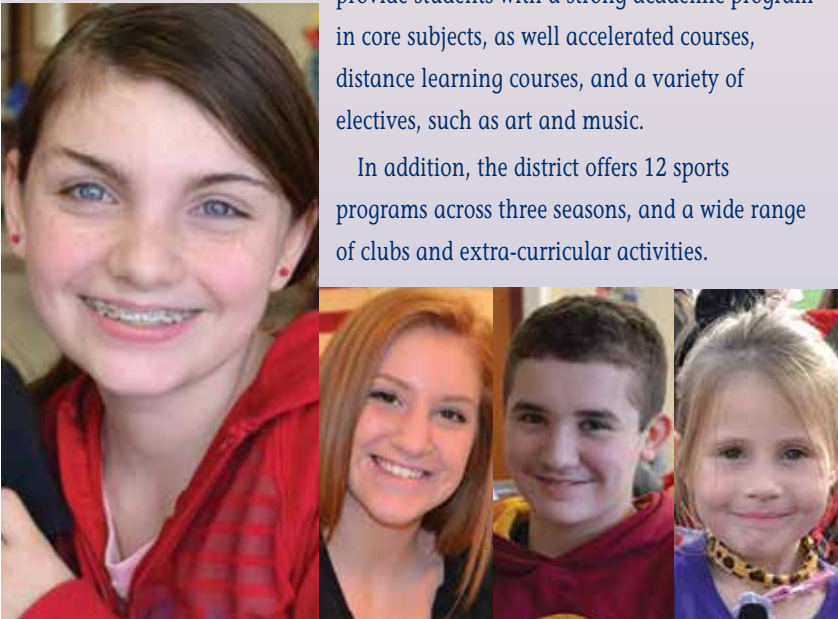

WHO WE ARE

The Stillwater Central School District serves more than 1,200 students in Universal Pre-Kindergarten through 12th grade. The district consists of two buildings: Stillwater Elementary School, serving students in UPK-grade 5, and Stillwater Middle School/High School, serving students in grades 6-8 (MS) and grades 9-12 (HS).

Stillwater is dedicated to preparing students for college, the workplace, and life by offering a Universal Pre-K through grade 12 program designed to promote the academic and personal development of all students.

A small school atmosphere, individual attention, and community support are just some of the things that make Stillwater unique. The district is proud to provide students with a strong academic program in core subjects, as well accelerated courses, distance learning courses, and a variety of electives, such as art and music.

In addition, the district offers 12 sports programs across three seasons, and a wide range of clubs and extra-curricular activities.

A GLIMPSE OF STILLWATER STUDENT SUCCESS

Academic Achievements

- In 2013-14, Stillwater's graduation rate was 94 percent, which is more than 15 percentage points higher than the state average. And among those Stillwater graduates, 90 percent went on to a two- or four-year college.
- Sixty-three percent of Stillwater students who take Advanced Placement (AP) exams score at a level 3 or better (level 5 is the highest possible score).
- Stillwater was named an Apple Distinguished Program for its implementation of the 1:1 iPad Program. This selection highlights the district's successes in enhancing and extending teaching and learning with innovative implementations of technology.

Art, Music & Drama Achievements

- Students in grades 3-12 have the opportunity to participate in New York State School Music Association (NYSSMA) solos and band performances each year. A number of Stillwater students routinely score an "outstanding" or "excellent" ranking at the spring NYSSMA festival.
- More than 30 elementary students and approximately 20 middle school students took to the stage to perform musicals this spring.
- Each year Stillwater High School student work is selected for publication in the WSWHE BOCES regional art/literacy magazine.

Extracurricular & Athletic Achievements

- Approximately 75 percent of students at Stillwater High School participate in an interscholastic sport or after-school club.
- Approximately 62 percent of students in grades 7 and 8 participate in a school sport or after-school activity.
- More than 250 elementary students participated in Science, Technology, Engineering, Art and Math (STEAM) after-school enrichment opportunities, such as robotics, Odyssey of the Mind, Warrior TV and Service Club.
- Stillwater Elementary's Odyssey of the Mind team advanced to the New York State Odyssey of the Mind Competition in April 2015.
- For the first time in Stillwater history, the Boys' Varsity Indoor Track Team was named Sectional Champions in February 2015.
- Fourteen (14) Stillwater teams received NY State Public High School Athletic Association Scholar-Athlete Awards in the 2014-15 school year. To achieve this, team members must collectively have a GPA of 90 percent or higher.
