

Focus Safety For The Children

Leave your problems at the door

When in the bus they are no more

With only one distraction

Between life and death

America's treasure you will move

With your buses and a positive attitude

Attitudes of future leaders you can instill

Remember "For the Children" you can and will

Every Child – Every Day

Is now the best trans employee way

One last thought to keep in mind

School Bus Safety is...

ONE STOP AT A TIME
